3745-150-14	Economic and financial need.	Amendment
3745-150-15	First use of funds.	Amendment

These rules address water pollution control loans regulations.

The purpose of this rule making is to satisfy requirements mandated by Ohio Revised Code (ORC) Section 119.032 which requires all state agencies to review each of their rules every five years to determine whether or not to continue the rules without change, amend the rules, or rescind the rules.

The public comment period will run until January 5, 2012. A public hearing on this proposed rulemaking will be held to consider public comments in accordance with Section 119.03 of the Ohio Revised Code. This hearing will be held at Ohio EPA, 50 W. Town St., Suite 700, Columbus, OH 43215, Conference Center Room B, on January 5, 2012 at 1:30pm.

To facilitate the scheduling of oral presentations, persons intending to give testimony at the hearing should notify the Ohio EPA Public Interest Center, P.O. Box 1049, Columbus, Ohio 43216-1049, (614) 644-2160. Prior registration will ensure that registrants are heard ahead of those individuals who register at the hearing. Oral testimony may be limited to five minutes, depending on the number of persons testifying. All interested persons are entitled to attend or be represented and to present oral and/or written comments concerning the proposed rulemaking.

Written testimony should be sent to the attention of Becky Hegyi at the Division of Environmental and Financial Assistance (DEFA), P.O. Box 1049, Columbus Ohio 43216-1049. Written comments may also be submitted to the Hearing Officer at the public hearing. Written testimony will receive the same consideration as oral testimony. All testimony received at the hearing or by close of business on January 5, 2012, will be considered by Ohio EPA prior to final action on this rulemaking proposal. Written comments submitted after this date may be considered as time and circumstances permit.

Questions regarding this rule package should be directed to Becky Hegyi at becky.hegyi@epa.ohio.gov. Please include a phone number where you can be contacted during the hours of 8:00 am to 5:00 pm.

To receive a copy of the proposed rules, please contact the DEFA receptionist at (614) 644-2798. In addition, full copies of all proposed rules are available for review at any Ohio EPA district office and at the Ohio EPA central office. The proposed rules are also accessible on DEFA's rule web page at <http://epa.ohio.gov/Default.aspx?tabid=2194>.

3745-49-03	Public Availability of Information.
3745-49-04	Civil and criminal penalties.

These rules address Adjudication & Administrative Procedures regulations.

The purpose of this rule making is to amend the chapters to do the following:

- The “procedural” rules, Chapter 3745-47, would become the “adjudication” rules, i.e., rules governing the adjudication process.
- The “miscellaneous” rules, Chapter 3745-49, would become the “administrative” rules, i.e., rules governing actions, public notices, public records, trade secrets, fact sheets, public meetings, etc.
- A new rule, 3745-49-12, governing verified complaints, would amplify ORC 3745.08.
- Rules 3745-49-50, 3745-49-51, and 3745-52 are not part of this rule-making. These rules are for the Clean Diesel Retrofit Grants, which are on a separate rule-making schedule.

The public comment period will run until January 5, 2012. A public hearing on this proposed rule making will be held to consider public comments in accordance with Section 119.03 of the Ohio Revised Code. This hearing will be held at Ohio EPA, 50 W. Town St., Suite 700, Columbus, OH 43215, Conference Center Room B, on January 5, 2012 at 10:30am.

To facilitate the scheduling of oral presentations, persons intending to give testimony at the hearing should notify the Ohio EPA Public Interest Center, P.O. Box 1049, Columbus, Ohio 43216-1049, (614) 644-2160. Prior registration will ensure that registrants are heard ahead of those individuals who register at the hearing. Oral testimony may be limited to five minutes, depending on the number of persons

testifying. All interested persons are entitled to attend or be represented and to present oral and/or written comments concerning the proposed rulemaking.

Written testimony should be sent to the attention of Mandi Payton at the Ohio EPA – Director’s Office, P.O. Box 1049, Columbus Ohio 43216-1049. Written comments may also be submitted to the Hearing Officer at the public hearing. Written testimony will receive the same consideration as oral testimony. All testimony received at the hearing or by close of business on January 5, 2012 will be considered by Ohio EPA prior to final action on this rulemaking proposal. Written comments submitted after this date may be considered as time and circumstances permit.

Questions regarding this rule package should be directed to Mandi Payton at the Ohio EPA – Director’s Office, at (614) 644-2782 or by email at amanda.payton@epa.ohio.gov.

To receive a copy of the proposed rules, please contact the Director’s office receptionist at (614) 644-2782. In addition, full copies of all proposed rules are available for review at any Ohio EPA district office and at the Ohio EPA central office. The proposed rules are also accessible on Rules and Laws web page at http://epa.ohio.gov/Rules_and_Laws.aspx.

PUBLIC NOTICE
November 30, 2011
Request for Comment on Draft Rules

Notice is hereby given that the Ohio Environmental Protection Agency has proposed revisions to the water and wastewater operator certification rules in Chapter 3745-7 of the Ohio Administrative Code (OAC). The proposed amendments to the OAC are, in part, a result of the five year rule review requirements of Section 119.032 of the Revised Code.

The proposed amendments to the water and wastewater operator certification rules add new definitions; establish limits for use of provisions allowing for operators of lower levels of classifications; designate treatment lagoon systems with a design flow of greater than 25,000 gallons per day as Class I; allow for reduced staffing of seasonal Class A or I treatment works during the off-season; revise Class A eligibility requirements to reflect current practices; add provisions for suspension and revocation of a certificate; add language to further specify the types of systems in which records must be maintained for; add clarification regarding the examination process; and remove outdated language.

A public hearing pursuant to §119.03 of the Ohio Revised Code will be conducted on January 4, 2012, beginning at 10:30 a.m. in Conference Room B at the Ohio EPA, Lazarus Government Center, 50 West Town Street, Columbus, Ohio. All interested persons are entitled to attend or be represented and give their written or oral comments on this proposed rule-making. A presiding officer will be present until all interested persons have been heard.

To facilitate scheduling of oral presentations, persons intending to give testimony at the hearing should ensure that Ohio EPA receives notice of such intent by 5:00 p.m. on January 3, 2012. Persons who provide Ohio EPA with prior notice will be heard ahead of persons who register at the hearing. **All visitors to Ohio EPA must register at the Security desk in the lobby upon arrival. Please bring photo identification (such as a valid driver's license). For security reasons, visitors are required to wear their badge at all times while in the building. Please arrive early to complete these procedures.** To provide notice of intent to give oral comments at the public hearing, contact Susan Baughman by mail at Ohio EPA, DDAGW, Lazarus Government Center, 50 West Town Street, Suite 700, Columbus, Ohio 43215, or by phone at (614) 644-2752.

In order to ensure that written comments are considered as part of the official record of this hearing, written comments must be received by Ohio EPA by the close of business **January 4, 2012**. Written comments on the proposed rules may be given to the presiding officer during the hearing, sent by mail to Susan Baughman at the address above, or sent by email to the following address ddagw_rulecomments@epa.state.oh.us.

To obtain a copy of the proposed rules, contact Donna Roberts at Ohio EPA at (614) 644-2755 or email at donna.roberts@epa.state.oh.us. Please request the "proposed operator certification amendments" and, if a recorded message is left, be sure to include your name, telephone number, and complete mailing address. There is no charge for proposed rules. The proposed rules will be available on the Agency web page until their adoption or withdrawal. The address is: <http://www.epa.ohio.gov/ddagw/rulemaking.aspx#proposed>.

Questions concerning this proposed rule-making, other than obtaining copies of the proposed rules, may be addressed to Susan Baughman at Ohio EPA, DDAGW, Lazarus Government Center, 50 West Town Street, Suite 700, Columbus, Ohio 43215 or by phone at (614) 644-2752. DRAFT GENERAL NPDES PERMIT OR
HOUSEHOLD SEWAGE TREATMENT SYSTEMS**

Public notice is hereby given that the Ohio Environmental Protection Agency (Ohio EPA)–Division of Surface Water (DSW) has issued a draft general National Pollutant Discharge Elimination System (NPDES) Permit No. OHK000002 that may provide coverage to discharges from select household sewage treatment systems (HSTS) serving one, two or three family dwellings or other residential dwellings as defined by Ohio Administrative Code (OAC) 3701-29 in the state of Ohio. The draft general NPDES permit was issued on . The Ohio EPA-DSW has developed this draft general NPDES permit through consultation with the Ohio Department of Health (ODH) and in conjunction with anticipated revisions to OAC 3701-29: Household Sewage Treatment Rules thru requirements established by Ohio Revised Code 3718.

The issuance of this draft general NPDES permit addresses the renewal of the existing NPDES Permit No. OHK000001 which expires on December 31, 2011. The issuance of general HSTS Permit No. OHK000001 addressed potential new or increased discharges of pollutants to waters of the state or a lowering of water quality/degradation to these receiving waters. However, chemical-specific water quality criteria developed to protect aquatic life and human health, set forth in OAC 3745-1, are not to be exceeded. In accordance with OAC 3745-1-05, an antidegradation review was conducted during the development of the general permit to determine the appropriateness and magnitude of coverage under the general permit and the associated potential lowering of water quality. Draft general NPDES Permit No. OHK000002 does not allow or expand the universe of potential new or increased discharges contemplated under general NPDES Permit No. OHK000001 and, therefore, an additional review under the provisions of OAC 3745-1-05 is not necessary in issuing this renewal general NPDES permit.

Copies of the draft general NPDES permit, its associated fact sheet and and further documentation can be obtained on the Ohio EPA-DSW web page at <http://epa.ohio.gov/dsw/permits/gpfact.aspx> or by contacting one of the following Ohio EPA district offices:

PERMIT #: P0107767
PERMIT TYPE: Initial Installation

PERMIT DESC: This is an initial permit for the Cleveland Public Power Ridge Road facility for new emission units not yet installed. The emissions units involve four municipal solid waste gasifier processing lines (B001 - B004). The gasifier lines produce a syngas which is then burned in a furnace to produce heat that is then converted to steam in the Heat Recovery Steam Generator. The facility has requested a Synthetic Minor restriction on the combined annual heat input in order to avoid the PSD and NNSR permitting requirements. The emissions units will be controlled using a baghouse, selective catalytic reduction (SCR), and wet flue-gas desulfurization scrubber system.

The Director of the Ohio Environmental Protection Agency, 50 West Town Street, Columbus Ohio, issued the above draft permit. A public hearing on this permit will be held as follows: 6 p.m. Monday, Jan. 9, 2012 at Estabrook Recreation Center, 4125 Fulton Rd, Cleveland. All interested parties may attend and comment.

You may obtain the permit and complete instructions for submitting comments online at <http://epa.ohio.gov/dapc/permitsonline.aspx> (enter permit number and click Go) or by contacting David Hearne at Cleveland Division of Air Quality, 2nd Floor 75 Erieview Plaza, Cleveland, OH 44114 or (216)664-2297. PUBLIC NOTICE
AMENDED COVENANT NOT TO SUE / FINAL FINDINGS AND ORDERS
City of Columbus
Whittier Peninsula Grange – Audubon Nature Center Property

Notice is hereby given that on November 30, 2011, the Director of the Ohio Environmental Protection Agency (Ohio EPA), pursuant to Ohio Revised Code (ORC) Chapter 3746 and Ohio Administrative Code (OAC) Chapter 3745-300, issued an Amended Covenant Not to Sue / Final Findings and Orders to the city of Columbus for the property identified as the Whittier Peninsula Grange – Audubon Nature Center Property.

The city of Columbus conducted a voluntary action of the approximately 26.611-acre property located at 420 – 460 West Whittier Street, Columbus, Franklin County, Ohio. A covenant not to sue was issued on June 20, 2008 based on a no further action (NFA) letter for the property (07NFA278), which was submitted under the Voluntary Action Program of the Ohio EPA Division of Environmental Response and Revitalization on behalf of the city of Columbus by Thomas J. Mignery, a certified professional (No. CP 125) as defined in ORC 3746.01(F) and OAC 3745-300-01(A). The Amended Covenant Not to Sue incorporates an approved modification to the City's remedy plan and extension of time to demonstrate that the property meets applicable standards with that remedy under an operation and maintenance agreement and plan.

This action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to ORC 3745.04. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within 30 days after notice of the action. The appeal must be accompanied by a filing fee of \$70.00, made payable to "Treasurer, State of Ohio," which the Commission, in its discretion, may reduce if by affidavit it is demonstrated that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Commission at the following address: 77 South High Street, 17th Floor, Columbus, Ohio 43215.

**PUBLIC NOTICE
NOTICE OF RECEIPT OF 401 APPLICATION**

Public notice is hereby given that the Ohio Environmental Protection Agency (Ohio EPA) Division of Surface Water (DSW) has received an application for, and has begun to consider whether to issue or deny, a Clean Water Act Section 401 water quality certification for an after the fact project to install a new Century Mine slurry line system. The application was submitted by American Energy Corporation. The project is located north and south of State Route 148, approximately two and a half miles northeast of Alledonia in Washington and Wayne Townships, Belmont County. The Pittsburgh District Corps of Engineers Nationwide Permit number for this project is LRP-2011-296. The Ohio EPA ID Number for this project is 113832.

As required by the Antidegradation Rule, rule 3745-1-05 of the Ohio Administrative Code (OAC), three alternatives have been submitted for the project. The applicant's proposed preferred alternative, if approved, would impact 40 feet of jurisdictional perennial stream, and 20 feet of jurisdictional ephemeral stream (60 feet total). The applicant's proposed minimal degradation alternative, if approved, would impact 20 feet of jurisdictional perennial stream, and 20 feet of jurisdictional ephemeral stream (40 feet total). The applicant's proposed non-degradation alternative, if approved, would have no direct impacts on waters of the state.

Discharges from the activity, if approved, would result in degradation to, or lowering of, the water quality of Captina Creek and Casey Run watersheds. Ohio EPA will review the application, and decide whether to grant or deny the application, in accordance with OAC Chapters 3745-1 and 3745-32. In accordance with OAC rule 3745-1-05, an antidegradation review of the application will be conducted before deciding whether to allow a lowering of water quality. All three proposed alternatives will be considered during the review process. No exclusions or waivers, as outlined by OAC rule 3745-1-05, apply or may be granted.

Starting December 5, 2011, copies of the application and technical support information may be inspected at Ohio EPA-DSW, Lazarus Government Center, 50 West Town Street, Suite 700, Columbus, Ohio, by first calling (614) 644-2001. Copies of the application and technical support information can be made available upon request at Ohio EPA District Offices by calling the same number.

Persons wishing to 1) be on Ohio EPA's interested parties mailing list for this project, 2) request a public hearing, or 3) submit written comments for Ohio EPA's consideration in reviewing the application should do so in writing to Ohio EPA-DSW, Attention: Permits Processing Unit, P.O. Box 1049, Columbus, Ohio 43216-1049 within thirty days of the date of this public notice.

Date of Public Notice: December 2, 2011

**PUBLIC NOTICE
NOTICE OF RECEIPT OF 401 APPLICATION**

Public notice is hereby given that the Ohio Environmental Protection Agency (Ohio EPA) Division of Surface Water (DSW) has received an application for, and has begun to consider whether to issue or deny, a Clean Water Act Section 401 water quality certification for a project to repair and extend for fishing access an existing pier in Lake Erie at Sims Park, just north of Lakeshore Boulevard and west of East 233rd Street. The application was submitted by the City of Euclid. The project is located in the City of Euclid. The Buffalo District Corps of Engineers Public Notice Number for this project is 2011-01048. The Ohio EPA ID Number for this project is 113805.

As required by the Antidegradation Rule, rule 3745-1-05 of the Ohio Administrative Code (OAC), three alternatives have been submitted for the project. The applicant's proposed preferred alternative, if approved, would involve the discharge of 985 cubic yards of clean stone revetment and 790 total cubic yards of clean engineered rock fill within bin wall structures below the ordinary high watermark. The fishing platform and mid-span bin wall support structures will occupy 2,471 square feet of the lakebed and the stone revetment will occupy 5,891 square feet, thus impacting a total of 0.19 acres of lake bottom. The applicant's proposed minimal degradation alternative, if approved, would involve the discharge of 832 cubic yards of clean stone revetment and 790 total cubic yards of clean engineered rock fill within the bin wall structures below ordinary high watermark. The fishing platform and mid-span bin wall support structures will occupy 2,471 square feet of lakebed and the stone revetment will occupy 4,050 square feet, thus impacting a total of 0.15 acres of lake bottom. The applicant's proposed non-degradation alternative, if approved, would have no direct impacts on waters of the state.

Discharges from the activity, if approved, would result in degradation to, or lowering of, the water quality of Lake Erie. Ohio EPA will review the application, and decide whether to grant or deny the application, in accordance with OAC Chapters 3745-1 and 3745-32. In accordance with OAC rule 3745-1-05, an antidegradation review of the application will be conducted before deciding whether to allow a lowering of water quality.
