

State of Ohio
Environmental Protection Agency

April 9, 2012

Notice of Final Rule-making

Notice is hereby given that the Ohio Environmental Protection Agency (Ohio EPA) Division of Drinking and Ground Waters (DDAGW) adopted revisions to miscellaneous rules in the Ohio Administrative Code (OAC) governing well standards, operational requirements, plan approval, and backflow and cross-connection control for public water systems. The rule revisions are, in part, a result of the five year rule review requirements of Section 119.032 of the Revised Code.

The division has adopted amendments to operational requirements, which establish practices for public water systems to ensure they are achieving optimal water quality, including disinfection requirements, approval of chemicals being used, minimum pressure requirements, operational analyses and reporting requirements. Revisions to this rule eliminate redundant information, clarify monitoring requirements, and require reports to be submitted electronically via the electronic drinking water reporting system (eDWR).

DDAGW also adopted revisions to well standard rules, including references to ANSI/NSF Standards 60 and 61. These standards were updated to reflect the most recent version in these rules, as well as in the operational requirements rule. Additionally, the well standards rules now provide additional flexibility when the division prepares to approve existing wells.

The division adopted a cross reference to capability assurance plans in requirements for supporting information for plan approval. In addition, DDAGW adopted revisions to a plan approval rule to require removal of non-functional equipment or equipment no longer in use to prevent potential threats to water quality. Lastly, rules governing yard hydrants with weep holes have been clarified to specify conditions in which they are acceptable.

The Director of Environmental Protection, after considering public comment, adopted these rules in final form, pursuant to Section 6109.04 of the Ohio Revised Code. The Director's order of adoption was issued on April 9, 2012. The effective date of these new rules will be April 19, 2012 in accordance with Section 119.04(A) of the Revised Code.

A copy of the rules may be obtained, at cost, by contacting the Hearing Clerk, Ohio EPA, 50 West Town Street, Suite 700, P.O. Box 1049, Columbus, Ohio 43216-1049, or (614) 644-2129. These rules are also available electronically at the following internet address: <http://www.epa.ohio.gov/ddagw/rulemaking.aspx#final>.

You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00, made payable to "Ohio Treasurer Josh Mandel," which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Environmental Review Appeals Commission
77 South High Street, 17th Floor
Columbus, OH 43215

PUBLIC NOTICE

The following permit is being issued as a final action with an effective date of April 10, 2012. Final actions are actions of the Director which are effective upon issuance or a stated effective date. Pursuant to Ohio Revised Code Section 3745.04, a Final Action may be appealed to the Environmental Review Appeals Commission (ERAC) filing an appeal within 30 days of notice of the final action. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based.

The appeal must be accompanied by a filing fee of \$70.00, made payable to "Ohio Treasurer Josh Mandel", which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Appeals Commission at 77 South High Street, 17th Floor, Columbus, Ohio 43215.

Final Issuance of General Permit:

Pursuant to Section 6111.021 of the Ohio Revised Code (ORC), the Director of the Ohio Environmental Protection Agency hereby authorizes the filling of, and the discharge of dredged material into, Category 1 and Category 2 isolated wetlands of a total of ½ acre or less. This General Isolated Wetland permit shall be effective for five (5) years.

Issue Date: April 10, 2012
Effective Date: April 10, 2012

This Final Action Was Not Preceded by a Proposed Action and Is Appealable to ERAC. The full text of the permit can be viewed over the Internet at <http://epa.ohio.gov/dsw/401/IWP.aspx> or copies can be obtained by calling (614) 644-2001.

PUBLIC NOTICE
COVENANT NOT TO SUE/FINAL FINDINGS AND ORDERS
The City of Campbell, Former Youngstown Sheet and Tube, Campbell Works
Pickling Line

Notice is hereby given that on April 9, 2012, the Director of the Ohio Environmental Protection Agency ("Ohio EPA"), pursuant to Ohio Revised Code ("ORC") Chapter 3746 and Ohio Administrative Code ("OAC") Chapter 3745-300, issued a Covenant Not to Sue/Final Findings and Orders to The City of Campbell, the Volunteer for property known as Former Youngstown Sheet and Tube, Campbell Works Pickling Line (the "Property").

The Volunteer conducted a voluntary action of the approximately 7.842 acre-Property, which is located at 20 Walton Avenue, Campbell, Mahoning County, Ohio. A no further action letter for the Property was submitted on March 21, 2011 to the Voluntary Action Program of the Ohio EPA Division of Environmental Response and Revitalization by Jim C. Smith, a Certified Professional as defined in ORC 3746.01(F) and OAC 3745-300-01(A).

This action of the Director is final and may be appealed to the Environmental Review Appeals Commission (the "Commission") pursuant to ORC 3745.04. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the action. The appeal must be accompanied by a filing fee of \$70.00, made payable to "Treasurer, State of Ohio," which the Commission, in its discretion, may reduce if by affidavit it is demonstrated that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Commission at the following address: 309 South Fourth Street, Room 222, Columbus, Ohio 43215.

If you would like to review a copy of the Covenant Not to Sue/Final Findings and Orders, please contact the Records Management Officer, Ohio EPA, Division of Environmental Response and Revitalization, P.O. Box 1049, Columbus, OH 43216-1049, or by telephone at (614) 644-2924.

PUBLIC NOTICE

Date of Public Notice: April 3, 2012

**PUBLIC NOTICE
NOTICE OF RECEIPT OF 401 APPLICATION**

Public notice is hereby given that the Ohio Environmental Protection Agency (Ohio EPA) Division of Surface Water (DSW) has received an application for, and has begun to consider whether to issue or deny, a Clean Water Act Section 401 water quality certification for a project to install 50 linear feet of new armor stone lakeward of existing great lakes erosion control modules along the shoreline. The application was submitted by Jonathan and Rosann M. Zingales. The project is located at 7715 Lake Shore Blvd. The Buffalo District Corps of Engineers Public Notice Number for this project is 2012-00237. The Ohio EPA ID Number for this project is 123896.

As required by the Antidegradation Rule, rule 3745-1-05 of the Ohio Administrative Code (OAC), three alternatives have been submitted for the project. The applicant's proposed preferred alternative, if approved, would be to construct 50 linear feet of new armor stone revetment (2-4 ton) with 2:1 slope along the shoreline of the property. The applicant's proposed minimal degradation alternative, if approved, would be to construct 50 linear feet of new armor stone revetment (2-4 ton) with 1.5:1 slope along the shoreline of the property. The applicant's proposed non-degradation alternative, if approved, would have no direct impacts on waters of the state.

Discharges from the activity, if approved, would result in degradation to, or lowering of, the water quality of Lake Erie. Ohio EPA will review the application, and decide whether to grant or deny the application, in accordance with OAC Chapters 3745-1 and 3745-32. In accordance with OAC rule 3745-1-05, an antidegradation review of the application will be conducted before deciding whether to allow a lowering of water quality. All three proposed alternatives will be considered during the review process. No exclusions or waivers, as outlined by OAC rule 3745-1-05, apply or may be granted.

Starting April 3, 2012, copies of the application and technical support information may be inspected at Ohio EPA-DSW, Lazarus Government Center, 50 West Town Street, Suite 700, Columbus, Ohio, by first calling (614) 644-2001. Copies of the application and technical support information can be made available upon request at Ohio EPA District Offices by calling the same number.

Persons wishing to 1) be on Ohio EPA's interested parties mailing list for this project, 2) request a public hearing, or 3) submit written comments for Ohio EPA's consideration in reviewing the application should do so in writing to Ohio EPA-DSW, Attention: Permits Processing Unit, P.O. Box 1049, Columbus, Ohio 43216-1049 within thirty days of the date of this public notice.

NOTICE OF RECEIPT OF 401 APPLICATION**

Public notice is hereby given that the Ohio Environmental Protection Agency (Ohio EPA) Division of Surface Water (DSW) has received an application for, and has begun to consider whether to issue or deny, a Clean Water Act Section 401 water quality certification for removal of an existing steel ramp, installation of a new 50 foot wide ramp, and construction of a new 50 foot long by 39 foot wide steel sheet pile extension. The application was submitted by Miller Boat Line Inc., and is located at 2110 Langram Road, Put-In-Bay, on South Bass Island, Ottawa County, Ohio. The Buffalo District Corps of Engineers Project # is 2009-01450. The Ohio EPA ID Number for this project is 123864.

As required by the Antidegradation Rule, rule 3745-1-05 of the Ohio Administrative Code (OAC), three alternatives have been submitted for the project. The applicant's proposed preferred alternative, if approved, would result in 1175 cubic yards (CY) (2,610 square feet) of fill placement on the Lake Erie bottom, below the ordinary high water mark (OHWM). The applicant's proposed minimal degradation alternative, if approved, would result in 979 CY (2,175 square feet) of fill placement on the Lake Erie bottom, below the OHWM. The applicant's proposed non-degradation alternative, if approved, would have no direct impacts on waters of the state.

Discharges from the activity, if approved, would result in degradation to, or lowering of, the water quality of Lake Erie. Ohio EPA will review the application, and decide whether to grant or deny the application, in accordance with OAC Chapters 3745-1 and 3745-32. In accordance with OAC rule 3745-1-05, an antidegradation review of the application will be conducted before deciding whether to allow a lowering of water quality. All three proposed alternatives will be considered during the review process. No exclusions or waivers, as outlined by OAC rule 3745-1-05, apply or may be granted.

Starting April 14, 2012, copies of the application and technical support information may be inspected at Ohio EPA-DSW, Lazarus Government Center, 50 West Town Street, Suite 700, Columbus, Ohio, by first calling (614) 644-2001. Copies of the application and technical support information can be made available upon request at Ohio EPA District Offices by calling the same number.

Persons wishing to 1) be on Ohio EPA's interested parties mailing list for this project, 2) request a public hearing, or 3) submit written comments for Ohio EPA's consideration in reviewing the application should do so in writing to Ohio EPA-DSW, Attention: Permits Processing Unit, P.O. Box 1049, Columbus, Ohio 43216-1049 within thirty days of the date of this public notice.

**PUBLIC NOTICE
ISSUANCE OF APPROVAL TO RELOCATE A PORTABLE AIR CONTAMINANT
SOURCE
Gerken Materials, Inc.**

Issue Date: 04/09/2012
Relocation Number: REL02181
Facility ID: 0335010051

Facility Location: Gerken Materials, Inc.
600 South River Road,
Waterville, OH 43566

Facility Description: Crushed and Broken Limestone Mining and Quarrying

Ohio EPA has received a request to relocate a portable air contaminant source for the company identified above. Upon review of the request, the Director has approved the relocation and the facility is authorized to move to CR 180 & T-105 Paulding, OH 45879 upon the publication of this notice.

You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00, made payable to "Ohio Treasurer Josh Mandel," which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Environmental Review Appeals Commission
77 South High Street, 17th Floor
Columbus, OH 43215

All inquiries concerning this action may be directed to Ohio EPA DAPC, Northwest District Office at (419) 352-8461.

Date of Public Notice: April 12, 2012

**PUBLIC NOTICE
NOTICE OF RECEIPT OF 401 APPLICATION AND PUBLIC HEARING**

Public notice is hereby given that the Ohio Environmental Protection Agency (Ohio EPA) Division of Surface Water (DSW) has received an application for, and has begun to consider whether to issue or deny, a Clean Water Act Section 401 water quality certification for a project to replace an existing deficient bridge to maintain road access. The application was submitted by the Tuscarawas County Engineer's Office. The project is located on Kaylor Road NW (Township Road 62) crossing over South Fork Sugar Creek. The Huntington District Corps of Engineers Public Notice Number for this project is 2011-00371-TUS. The Ohio EPA ID Number for this project is 113853.

As required by the Antidegradation Rule, rule 3745-1-05 of the Ohio Administrative Code (OAC), three alternatives have been submitted for the project. The applicant's proposed preferred alternative, if approved, would impact 60 linear feet of stream and 0.283 acres of Category 3 wetlands. The applicant's proposed minimal degradation alternative, if approved, would impact 60 linear feet of stream and 0.022 acres of Category 3 wetlands. The applicant's proposed non-degradation alternative, if approved, would have no direct impacts on waters of the state.

Discharges from the activity, if approved, would result in degradation to, or lowering of, the water quality of Tuscarawas River Watershed. Ohio EPA will review the application, and decide whether to grant or deny the application, in accordance with OAC Chapters 3745-1 and 3745-32. In accordance with OAC rule 3745-1-05, an antidegradation review of the application will be conducted before deciding whether to allow a lowering of water quality. All three proposed alternatives will be considered during the review process. No exclusions or waivers, as outlined by OAC rule 3745-1-05, apply or may be granted.

Starting Thursday April 12, 2012, copies of the application and technical support information may be inspected on Ohio EPA-DSW website: www.epa.ohio.gov/dsw

Ohio EPA will hold a public information session and public hearing relative to issues of lower water quality on Wednesday, May 30, 2012 at 6:30 p.m. at the Franklin Township Building located at 143 7th Street NE, Strasburg, OH 44680 in Tuscarawas County. The public hearing will end when all interested parties have had an opportunity to provide testimony related to the project.

All interested persons are entitled to attend or be represented and give written or oral comments on the proposed project. The purpose of the hearing is to obtain additional information that will be considered by Ohio EPA prior to any further action on the application.

Ohio EPA will continue to accept written comments on the application through the close of business on Wednesday, June 6, 2012. Comments received after this date may not be considered as part of the official record of the hearing. Anyone may submit written comments or requests to be placed on a mailing list for information by writing to: Ohio EPA-DSW, Attention: Permits Processing Unit, P.O. Box 1049, Columbus, Ohio 43216-1049.

**PUBLIC NOTICE
ISSUANCE OF APPROVAL TO RELOCATE A PORTABLE AIR CONTAMINANT
SOURCE
ALLIED CORP. EQUIPMENT 21.0008**

Issue Date: 04/11/2012
Relocation Number: REL02118
Facility ID: 0664960004

Facility Location: ALLIED CORP. EQUIPMENT 21.0008
2364 Ritchie Rd,
Convoy, OH 45832

Facility Description: Crushed and Broken Limestone Mining and Quarrying

Ohio EPA has received a request to relocate a portable air contaminant source for the company identified above. Upon review of the request, the Director has approved the relocation and the facility is authorized to move to 1794 County Road 99, Carey, Ohio upon the publication of this notice.

You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00, made payable to "Ohio Treasurer Josh Mandel," which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Environmental Review Appeals Commission
77 South High Street, 17th Floor
Columbus, OH 43215
