**PUBLIC NOTICE
OHIO ENVIRONMENTAL PROTECTION AGENCY
URBAN SETTING DESIGNATION FOR
FORMER IRONTON IRON WORKS PROPERTY- IRONTON, OHIO**

Public notice is hereby given that the Ohio Environmental Protection Agency (EPA) has received, on June 14, 2012, a request to approve an Urban Setting Designation for approximately 25.292 acres of land located at 2520 South Third Street in Ironton, Ohio. This request was submitted by Cara Henegar of SRW Environmental Services, Inc. on behalf of the city of Ironton.

Pursuant to Ohio Administrative Code 3745-300-10(C), Ohio's Voluntary Action Program (VAP) allows for the voluntary cleanup of contaminated property in Ohio without the risk of state civil liability. Under VAP, ground water cleanup is required where contaminated ground water poses risks to the community or environment.

A USD may be requested for properties participating in the VAP when there is no current or anticipated future use of ground water by local residents for drinking, showering, bathing or cooking. In these areas, an approved USD would lower the cost of cleanup and promote economic redevelopment while still protecting public health and safety.

The Ohio EPA director may approve the request for a USD based on a demonstration by the certified professional that the USD requirements are met and an evaluation of existing or future uses of ground water in the area have been assessed.

Comments regarding this request for a USD must be received by the close of business on September 17, 2012. Please direct your comments by mail to Kevin O'Hara, Ohio EPA – Southeast District Office, 2195 Front Street, Logan, Ohio, 43138 or by email at kevin.ohara@epa.state.oh.us. The USD application can be viewed by contacting Kevin O'Hara at (740) 380-5247.

The action may be appealed to the Environmental Review Appeals Commission ("Commission"). The appeal must be filed with the Commission within thirty (30) days after notice of the action. The appeal must be accompanied by a filing fee of \$70.00, made payable to "Treasurer, State of Ohio", which the Commission, in its discretion, may reduce if by affidavit it is demonstrated that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Commission at the following address: 77 South High Street, 17th Floor, Columbus, Ohio 43215.
