**PUBLIC NOTICE  
FINAL ACTIONS OF THE DIRECTOR  
ISSUANCE OF CERTIFICATES TO REPAIR TECHNICIANS UNDER  
THE MOTOR VEHICLE EMISSION INSPECTION AND MAINTENANCE PROGRAM**

Notice is hereby given that the Director of the Ohio Environmental Protection Agency, pursuant to Ohio Revised Code Chapter 3704.14 and Ohio Administrative Code rule 3745-26-16, has issued a certificate to perform work as a Certified Repair Technician under the Motor Vehicle Emission Inspection and Maintenance Program, consistent with the requirements of that program, to the repair technician listed below. The certificate was issued 1/2/2013.

For information regarding these final actions, contact Michael Riggleman, Ohio EPA, Division of Air Pollution Control, Mobile Sources Section, P.O. Box 1049, Columbus, Ohio 43216-1049, or by telephone at (614) 644-3059. You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00, made payable to "Ohio Treasurer Kevin Boyce," which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

**Date of Public Notice: December 20, 2012**

**PUBLIC NOTICE  
NOTICE OF RECEIPT OF 401 APPLICATION**

Public notice is hereby given that the Ohio Environmental Protection Agency (Ohio EPA) Division of Surface Water (DSW) has received an application for, and has begun to consider whether to issue or deny, a Clean Water Act Section 401 certification for a project to extract the Pittsburgh No. 8 and No. 8A coal from an approximately 661.5 acre site. The application was submitted by OhioAmerican Energy, Incorporated. The project is located in Union, Richland and Wheeling Townships, Belmont County. The Pittsburgh District Corps of Engineers Public Notice Number for this project is LRP-2006-660. The Ohio EPA ID Number for this project is 123941.

As required by the Antidegradation Rule, rule 3745-1-05 of the Ohio Administrative Code (OAC), three alternatives have been submitted for the project. The applicant's proposed preferred alternative, if approved, would impact 400 linear feet of perennial stream, 6,849 linear feet of intermittent stream and 13.2 acres of Category 1 wetlands. The applicant's proposed minimal degradation alternative, if approved, would impact 400 linear feet of perennial stream, 2,134 linear feet of intermittent stream, 1.23 acres of category 2 wetlands, and 6.14 acres of category 1 wetlands. The applicant's proposed non-degradation alternative, if approved, would have no direct impacts on waters of the state.

The discharges from the activity, if approved, would result in degradation to, or lowering of, the water quality of the Wheeling Creek watershed. The review of the application will be conducted, and a decision whether to grant or deny the application will be made, in accordance with Chapters 3745-1 and 3745-32 of the Ohio Administrative Code (OAC). In accordance with OAC 3745-1-05, an antidegradation review of the application will be conducted before deciding whether to allow a lowering of the water quality. Other alternatives resulting in lesser or no degradation, or lowering of water quality, will be considered by Ohio EPA during the review process.

No exclusions or waivers, as outlined by Paragraph 3745-1-05 (D) of the Antidegradation Rule (effective as of May 1, 1998), apply or may be granted by the Director of Ohio EPA.

Starting, December 20, 2012, copies of the application and technical support information may be inspected on Ohio EPA-DSW website: [www.epa.ohio.gov/dsw](http://www.epa.ohio.gov/dsw)

Persons wishing to 1) be on Ohio EPA's interested parties mailing list for this project, 2) request a public hearing, or 3) submit written comments for Ohio EPA's consideration in reviewing the application should do so in writing to Ohio EPA-DSW, Attention: Permits Processing Unit, P.O. Box 1049, Columbus, Ohio 43216-1049 within thirty days of the date of this public notice.

Henry County

**PUBLIC NOTICE  
ISSUANCE OF APPROVAL TO RELOCATE A PORTABLE AIR CONTAMINANT  
SOURCE  
Gerken Materials, Inc.**

Issue Date: 12/31/2012  
Relocation Number: REL02456  
Facility ID: 0335010051

Facility Location: Gerken Materials, Inc.  
9051 County Road 424,  
Napoleon, OH 43545

Facility Description: Crushed and Broken Limestone Mining and Quarrying

Ohio EPA has received a request to relocate a portable air contaminant source for the company identified above. Upon review of the request, the Director has approved the relocation and the facility is authorized to move to Gerken Materials, Inc. Main Yard 9051 County Road 424 Napoleon, OH 43545 upon the publication of this notice.

You are hereby notified that this action of the Director is final and may be appealed to the Environmental Review Appeals Commission pursuant to Section 3745.04 of the Ohio Revised Code. The appeal must be in writing and set forth the action complained of and the grounds upon which the appeal is based. The appeal must be filed with the Commission within thirty (30) days after notice of the Director's action. The appeal must be accompanied by a filing fee of \$70.00, made payable to "Ohio Treasurer Josh Mandel," which the Commission, in its discretion, may reduce if by affidavit you demonstrate that payment of the full amount of the fee would cause extreme hardship. Notice of the filing of the appeal shall be filed with the Director within three (3) days of filing with the Commission. Ohio EPA requests that a copy of the appeal be served upon the Ohio Attorney General's Office, Environmental Enforcement Section. An appeal may be filed with the Environmental Review Appeals Commission at the following address:

Environmental Review Appeals Commission  
77 South High Street, 17th Floor  
Columbus, OH 43215

All inquiries concerning this action may be directed to Ohio EPA DAPC, Northwest District Office at (419) 352-8461.

**Date of Public Notice: December 28, 2012**

**PUBLIC NOTICE  
NOTICE OF RECEIPT OF 401 APPLICATION**

Public notice is hereby given that the Ohio Environmental Protection Agency (Ohio EPA) Division of Surface Water (DSW) has received an application for, and has begun to consider whether to issue or deny, a Clean Water Act Section 401 certification for a coal refuse facility on 165 acres site. The application was submitted by Rosebud Mining Company. The project is located south east of County Road 37, south of Township Road 295, and north of Township 32 within the Stillwater Creek Watershed, Mill Township, Tuscarawas County, Ohio. The Huntington District of the U.S. Army Corps of Engineers Number for this project is LRH-2011-198-TUS. The Ohio EPA ID Number for this project is 123956.

As required by the Antidegradation Rule, three alternatives have been submitted for the project. The applicant's proposed preferred degradation alternative, if approved, would impact 1,756 feet of intermittent stream and 0.242 acres of category 1 wetlands. The proposed minimal degradation alternative if approved, would impact 1,018 feet of intermittent stream and 0.012 acres of category 1 wetlands. The applicant's proposed non-degradation alternative, if approved, would have no direct impacts on streams or wetlands.

Discharges from the activity, if approved, would result in degradation to, or lowering of, the water quality of unnamed tributaries to Stillwater Creek. Ohio EPA will review the application, and decide whether to grant or deny the application, in accordance with OAC Chapters 3745-1 and 3745-32. In accordance with OAC rule 3745-1-05, an antidegradation review of the application will be conducted before deciding whether to allow a lowering of water quality. All three proposed alternatives will be considered during the review process. No exclusions or waivers, as outlined by OAC rule 3745-1-05, apply or may be granted.

Starting, December 28, 2012, copies of the application and technical support information may be inspected on Ohio EPA-DSW website: [www.epa.ohio.gov/dsw](http://www.epa.ohio.gov/dsw)

Persons wishing to 1) be on Ohio EPA's interested parties mailing list for this project, 2) request a public hearing, or 3) submit written comments for Ohio EPA's consideration in reviewing the application should do so in writing to Ohio EPA/DSW, Attention: Permits Processing Unit, P.O. Box 1049, Columbus, Ohio 43216-1049 within 30 days of the date of this public notice.

**Date of Public Notice: December 27, 2012**

**PUBLIC NOTICE  
NOTICE OF RECEIPT OF 401 APPLICATION AND PUBLIC HEARING**

Public notice is hereby given that the Ohio Environmental Protection Agency (Ohio EPA) Division of Surface Water (DSW) has received an application for, and has begun to consider whether to issue or deny, a Clean Water Act Section 401 water quality certification for a project to install a 24-inch water main. The application was submitted by Warren County Board of Commissioners. The project is located at MP 32.9 on the Little Miami River near the intersection of State Route 48 and the Little Miami River, south of Mason-Morrow-Millgrove Road. The Huntington District Corps of Engineers Public Notice Number for this project is LRH-2011-761-LMR- Little Miami River near MP 32.9. The Ohio EPA ID Number for this project is 123885.

As required by the Antidegradation Rule, rule 3745-1-05 of the Ohio Administrative Code (OAC), three alternatives have been submitted for the project. The applicant's proposed preferred alternative, if approved, would install a 24-inch water main parallel to State Route 48, outside the right-of way, from Mason-Morrow-Millgrove Road to Dwire Road, approximately 5,800 feet. The water main will cross a total of five streams, including the Little Miami River. All crossings will be installed using open cut construction techniques during low-flow/no-flow conditions and utilize non earthen cofferdams to divert any water. The applicant's proposed minimal degradation alternative, if approved, would install a 24-inch water main parallel to State Route 48 within Ohio Department of Transportation right-of way, with portions constructed within the State Route 48 roadway limits, from Mason-Morrow-Millgrove Road to Dwire Road approximately 6,300 feet. The water main will cross a total of three streams, including the Little Miami River. All crossings will be installed using open cut construction techniques during low-flow/no-flow conditions and utilize non earthen cofferdams to divert any water. The applicant's proposed non-degradation alternative, if approved, would have no direct impacts on waters of the state.

Discharges from the activity, if approved, would result in degradation to, or lowering of, the water quality of The Little Miami River. Ohio EPA will review the application, and decide whether to grant or deny the application, in accordance with OAC Chapters 3745-1 and 3745-32. In accordance with OAC rule 3745-1-05, an antidegradation review of the application will be conducted before deciding whether to allow a lowering of water quality. All three proposed alternatives will be considered during the review process. No exclusions or waivers, as outlined by OAC rule 3745-1-05, apply or may be granted.

Starting December 27, 2012, copies of the application and technical support information may be inspected on Ohio EPA-DSW website: [www.epa.ohio.gov/dsw](http://www.epa.ohio.gov/dsw)

Ohio EPA will hold a public information session and public hearing relative to issues of lower water quality on February 12, 2013 at 5:30 p.m. at The Village of South Lebanon Administration Building, Council Chambers, 99 N. High St., South Lebanon, OH 45065. The public hearing will end when all interested parties have had an opportunity to provide testimony related to the project.

All interested persons are entitled to attend or be represented and give written or oral comments on the proposed project. The purpose of the hearing is to obtain additional information that will be considered by Ohio EPA prior to any further action on the application.

Ohio EPA will continue to accept written comments on the application through the close of business on February 19, 2013. Comments received after this date may not be considered as part of the official record of the hearing. Anyone may submit written comments or requests to be placed on a mailing list for information by writing to: Ohio EPA-DSW, Attention: Permits Processing Unit, P.O. Box 1049, Columbus, Ohio 43216-1049.
