**PUBLIC NOTICE
RESCHEDULED PUBLIC HEARING FOR PROPOSED MODIFICATION OF CLEAN
WATER SECTION 401 WATER QUALITY CERTIFICATION FOR DEPARTMENT OF
THE ARMY NWPS**

Public notice is hereby given that the Ohio Environmental Protection Agency (Ohio EPA) Division of Surface Water (DSW) is considering modification of the issued Clean Water Act section 401 water quality certification for the Department of the Army Nationwide Permits (NWPs). **This public notice cancels the public notice issued on June 20, 2014 along with the public information session and hearing scheduled for August 5, 2014, and reschedules the public information session and hearing for September 4, 2014.**

The proposed modification would specifically clarify certain conditions and would reduce limitations in NWP 12 (Utility Line Activities) and NWP 49 (Coal Remining Activities). Additionally, the modification proposes changes to the stream and wetland quality verification process.

The discharges from the activities, if approved, would result in degradation to, or lowering of, the water quality of surface waters of the state, including wetlands, streams and lakes. No exclusions or waivers apply or may be granted by the director of Ohio EPA, as outlined by OAC Rule 3745-1-05(D) (effective on May 1, 1998).

Starting July 18, 2014 the draft modification language may be inspected on Ohio EPA-DSW website:

http://www.epa.state.oh.us/Portals/35/401/applications/401WQC_NWP_Modification.pdf

Ohio EPA, in conjunction with the Huntington, Pittsburgh, and Buffalo Districts of the U.S. Army Corps of Engineers, will hold a public information session and public hearing relative to issues of lower water quality on September 4, 2014 at 3:00 p.m. in the Center for Excellence located on the seventh floor of Ohio EPA's offices at 50 West Town Street, Suite 700, Columbus, Ohio, 43215. The public hearing will end when all interested parties have had an opportunity to provide testimony related to the proposed modification.

All interested persons are entitled to attend or be represented and give written or oral comments on the proposed modification. The purpose of the hearing is to obtain additional information that will be considered by Ohio EPA prior to any further action on the proposed modification.

Ohio EPA will continue to accept written comments on the proposed modification through the close of business on September 11, 2014. Comments received after this date may not be considered as part of the official record of the hearing. Anyone may submit written comments or requests to be placed on a mailing list for information by writing to:
